GEORGIA QUOTES

Head Coach Kirby Smart

On Nate Frazier's physicality...

"He runs it. I thought he committed to some runs tonight and ran through; you know, got some tough yards after contact. The one touchdown run, he pushed the pile and the guys helped him, but he had a couple other runs; he stuck it up inside and did a nice job on them."

On ingraining not missing tackles...

"A lot of guys want to go play. They get an opportunity to play, and they miss tackles or don't execute. That hurts us, but there's growth in that. They'll learn from it, and they'll get better from it."

On playing away against South Carolina...

"It's a hard place to play. We don't have many guys on our team that have been there. It's a night environment, they keep sending us on the road at night, so I embrace that."

#14 Gunner Stockton | QB | 5th

On not having Drew Bobo...

"Not having (Drew) Bobo out there was tough, but Cortex (Smith) did great just stepping up and leading. With Drew, he's one of our best leaders, so Cortex did a great job today. Missouri's a really good football team, and they do a great job stopping the run, so that was a good part."

On Isaiah Canion and Chauncey Bowens finding the endzone...

"It's awesome seeing Isaiah (Canion) and Chauncey (Bowens) having fun out there and smiling. All the work that they've been putting in to get to where they are at is amazing."

On Craig Dandridge's impact on the team...

"Craig is a great player. You know there's the receiver room, and Craig being so young, you wouldn't think he's as young as he is. Just the maturity, the way he attacks practice, meetings, everything, and on top of that, he's a great player."

#6 Isiah Canion | WR | Jr.

On how it feels to make a big play since being back from injury..

"It's awesome. It's a blessing. Sometimes we take for granted being able to play this game, especially on a stage like this. It's just a blessing to be here, a blessing to be able to suit up and play. I feel great."

On what it feels like as an in-state player to get your first ever touchdown in Sanford Stadium…

"It was a great feeling, I didn't even know what to do. I kind of just blacked out, I was just excited, pure joy, genuine excitement."

On the depth of the team being the 21st different player on Georgia to score a touchdown this season…

"We just have playmakers everywhere. It's always good when you can get anybody the ball and they can make plays. It is a testament to our staff and how they put this team together and our players and the work we put in."

#19 Justin Williams | ILB | Jr.

On what he sees the offense doing differently...

"I see a lot of talented guys. You know, a lot of unselfish guys, a lot of guys that are willing to go do whatever for the team, and I'm so happy that all those guys get touches, get carries, or anything. So thankful to have them as my teammates and everything.

On what the main focus is for starting so strong...

"Oh, this is really how we practice. I mean, every day we go out, the goal is to put as many points on the board as I can and to hold it to as many points as I can. That's how we practice. I really just go practice what we do in practice."

MISSOURI QUOTES

Head Coach Eliah Drinkwitz

On the series of drives in the first half...

"I didn't think defensively we set edges all night. I mean, they kept getting us on the pin-and-pull play. They hit the reverses, and then once you're on your heels because you don't have an edge, they're able to hit the cell right on the routes. We had a couple of times on third downs that we were not able to get off the field. It was a comedy of errors on both sides. I mean, not a good plan offensively or defensively."

On changing their plan after a slow start...

"We didn't get a first down the first two drives, and at the end of the day, if you're on the road, you have got to have some sustained drives early to give yourself a chance. We went interception, it's three and out, or it's four and out, three and out, and you give yourself no chance defense on the field the entire first quarter."

On the expectations coming into the week...

"They're a good football team. They're the number one team in the country. They've done this to a lot of people that have come in here. We didn't play our best tonight. If you're going to play the number one team in the country, you've got to play better than 2-for-11 on third downs. You've got to play better than giving up an interception on the first play of the game. You've got to play better than giving up third downs on the first three drives. You've got to play better than that. It's not like there's some crazy answer out there. We've got to be better, and that starts with coaching. We obviously didn't have a good enough plan. Didn't have a good enough plan, and that's on me."
